Custom colors and color matching services available

Add BRICKFORM's complete line of texturing tools and accessories and you have the potential to create stunning, textured interior floors and exterior hardscapes. Imagine concrete that looks like old brick or Mexican tile. Create cobblestone courtyards, walkways or entries made to look like imported slate, or decks and verandas that resemble old cedar planking. For over 35 years, BRICKFORM has been helping to make a reality creative, distinctive, appealing concrete hardscapes. Discover the exciting possibilities for yourself.

The colors shown are representative and approximate, as closely as possible, concrete with a flat troweled finish, sealed with BRICKFORM Gem-Seal. BRICKFORM is not responsible for job conditions, application methods, finishing techniques, curing methods and other variables and cannot guarantee the final appearance to be an exact match. Texturing or finishing techniques such as brooming or troweling, the use of sealers, and slight color-drifts in raw materials will produce variations of the colors. BRICKFORM strongly recommends a representative job sample for each product.
